>> Introduction

With fresh and powerful ideas that can surpass competitors' strategies, woori communication has been evolving with our customers, thinking more, taking a step further.

The successful performance of the exhibitions not only large and small regional booths but also big events such as National Skill Competition has led to a nationwide exhibition agency beyond the limits of the region.

We have formed networks around the world, including China, Hong Kong, and Europe, to provide all the services our customers want.

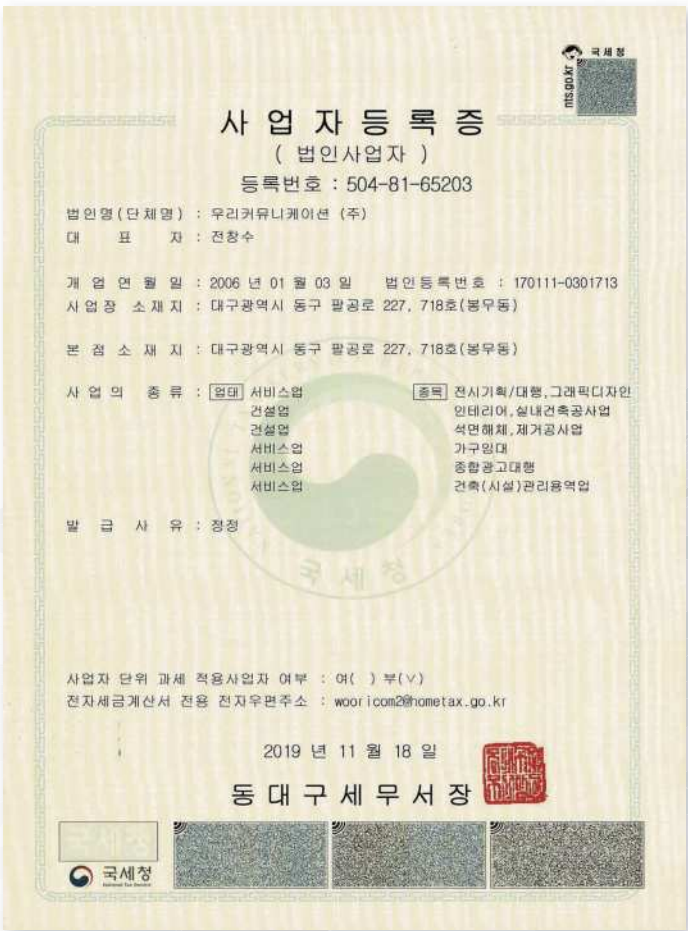

We will continue to listen to our customers and do our best to contribute to the creation of a better exhibition culture.

Thank you.
